

Embedded Finance & Banking-as-a-Service (BaaS) (C)

Report ID: AVR-4420

Pages: 185

Forecast: 2026 - 2032

EXECUTIVE ABSTRACT

Embedded finance is restructuring the financial services ecosystem by enabling non-bank entities to offer banking services. This research evaluates the addressable market for BaaS platforms, analyzing revenue streams, partnership models between traditional banks and fintechs, and expected CAGR across B2B and B2C segments.
